2. [REDACTED] LEGISLATION Spoke with Mike O'Neil, Chief Counsel, House Permanent Select Committee on Intelligence, and alerted him that our proposed firearms legislation, which we had mentioned to him in earlier conversations on the charter legislation, had been cleared by OMB and that we would be forwarding it to the Congress shortly. Mr. O'Neil expressed an interest in obtaining a copy of the package as soon as possible.

25X1 15. [] *Reg* LIAISON Called Murray Dry, on the staff of Representative Lee H. Hamilton (D., Ind.), Chairman, House International Relations Subcommittee on Europe and the Middle East, and advised him that in response to his request we were sending to him several unclassified Agency publications on terrorism and European government studies. I explained that we had no unclassified publications on the subject of Eurocommunism.

25X1 16. [] LIAISON Spoke with Dr. Michael Pillsbury, of the Senate Budget Committee, regarding his request for compartmented clearances. Dr. Pillsbury could not understand why the clearances had not yet been granted. I explained to him that we, the CIA, had just received the request from DIA. I further explained that we were now handling all compartmented clearances for the Intelligence Community for Congressional staffers. He then explained that other staffers on the Committee already had the requested clearances and that, in fact, he was replacing one of the three. I told him that we were looking into the situation and that we would get back to him as soon as possible but that even in the simplest of cases, a certain amount of time was required. He seemed satisfied, however, he apparently called again the same day and spoke with Ed Sherman who basically told him what he had already been told.

25X1 17. [] THIRD AGENCY Called Dan Coulson, Office of Legislative Affairs, FBI, regarding an FBI request for CIA concurrence in the provision of certain FBI documents containing CIA information to the House International Relations Subcommittee on International Organizations. I asked Coulson whether he had been able to determine whether the Bureau's failure to transmit complete copies of all of the documents involved was a clerical error. He said that he thought this was the case and that he would check further. Coulson also said that the Bureau planned to keep Paul Michel, of the Justice Department, informed as to developments on this matter. I asked Coulson about the Bureau's attitude toward the Subcommittee's request for an FBI/CIA briefing on North Korean subversive activities. Coulson said that no firm determination had yet been made but that the Bureau felt there was little connection between this subject and the Subcommittee's mandate. He gave the impression that the Bureau might well refuse to brief the Subcommittee on North Korean subversive activities in the U.S.

18. [] EMPLOYMENT REQUEST Received a call from Bonnie Cundy, in the office of Senator Orrin G. Hatch (R., Utah), requesting the status on a constituent's [] employment application. After checking with OP, I informed Bonnie that the constituent would be hearing from the Agency by mail within one week.

19. [] LIAISON Called Dick Giza, House Permanent Select Committee on Intelligence staff, to tell him that neither the DCI nor the DDCI would be in the building on the morning of 2 May 1978. Dick indicated that Congressman Charles Rose (D., N. Car.) very much wanted to see the DCI and asked for available dates. After several phone calls, we eventually settled on 4 May 1978 at 0900 hours. Dick said that the Congressman would read the NIE's either before or after seeing the DCI and that he (Dick) intended to read the NIE's on the afternoon of 1 May. NFAC/CSS has been alerted.

20. [] BRIEFING Called Jeanne McNally, House Permanent Select Committee on Intelligence staff, to pass on to her the witness list for the briefing session to take place this afternoon:

[] Deputy Director, OSR, [] Special Assistant to the Director (Designated Deputy for Collection Tasking) and [] Deputy Director Designate, NSA. I told her that [] Acting Legislative Counsel, and myself would accompany.

21. [] BRIEFING Accompanied the briefers listed above to H 405, The Capitol, for a briefing on the Korean shoot-down. The briefers provided an excellent run-down on what we knew, when, how we obtained it, and when the decision makers received the information. Attending from the Committee were: Representative Clement J. Zablocki (D., Wis.), Representative Bill D. Burlison (D., Mo.), Chairman, Subcommittee on Program and Budget Authorization, Representative Romano L. Mazzoli (D., Ky.), Representative J. Kenneth Robinson (R., Va.), and attending from the Committee staff were: Messrs. Thomas K. Latimer, Staff Director, William F. Funk, Herbert Romerstein, Bernard Raimo, Jr., and Martin C. Faga; and Annette H. Smiley and Diane LaVoy. The outstanding questions were: the provision of two pictures (which have been forwarded to Mr. Latimer) and the provision of some charts from NSA (which will be forwarded by [] NSA).
